Washing Won't Rid  
Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

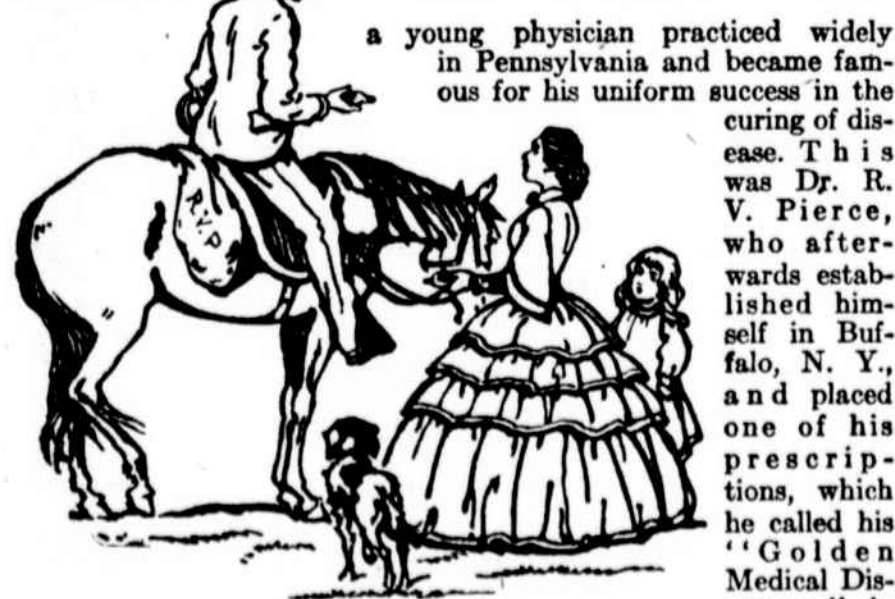

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like 10c and 25c.

## Over Fifty Years Ago

a young physician practiced widely in Pennsylvania and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce, who after establishing himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this Golden Medical Discovery for the stomach, liver and heart. Evidence of the wonderful sale of this medicine is shown in the books of Dr. Pierce's Laboratory in Buffalo, N. Y., recording that over twenty-four million bottles of this tonic and blood remedy have been sold in this country. No one can fight the battles of life and hold his own if his blood is not pure. No one suffers from colds, "flu" and catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh is a stagnation of the blood. Introduce pure red blood into the system, and health is assured.

Dr. Pierce advises you, if you wish to avoid the many germ diseases, to keep your blood in good order. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send 40c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.

6 OF FAMILY BURN  
TO DEATH ON FARM

Father, Mother, and Four Children Perish in Flames. Boy Saved.

LAWRENCEVILLE, Va., Jan. 29.—Word has reached here that six persons were burned to death in a fire Sunday night when flames destroyed the house on the farm of T. H. Dugger near here.

Bones of Tom Daniel, foreman; his wife and four children were found in the ruins of the homestead yesterday. Mrs. Parish, mother of Mrs. Daniel, and a thirteen-year-old boy, escaped. The origin of the fire is a mystery. In relating the story of the tragedy Mrs. Parish said she was aroused shortly after 1 p. m. by a crackling sound. She opened the door of the room and discovered that the house was in flames. Throwing a blanket about the body of the thirteen-year-old boy, she rushed through the flames and into the open. As she left the house she saw Daniel coming from the pump with a bucket of water. She called to him, she says, but he refused to heed her and dashed into the building to throw water on the flames.

Monday the ashes were raked and the charred bones of the dead were found. That the mother made a desperate effort to save the lives of the four children in the room with her, was indicated, her bones lying across those of the children. The bones of Daniel's body were found in another room.

U. S. URGED TO PREPARE  
FOR NEXT WORLD WAR

Harvard Professor Says Alignment of Powers Will Be Different Than in Last Conflict.

BOSTON, Jan. 29.—Prof. Albert B. Hart, of Harvard University, urged the United States to "make speedy preparations" for a big war which he predicted would break out in Europe within the next five or ten years, in a speech delivered here before the Harvard Club.

"It is positively criminal if the United States does not make speedy preparations," he said, "to insure us an army of trained officers and men in the event of war breaking out again."

The lining up of powers will differ greatly from that of the last war, Prof. Hart declared. The combination of Germany, Japan and Russia is far from unlikely, he said, and expressed doubt as to whether Italy would again side with France and England.

"Uncle Sam's job in the war which has just been finished was to prevent Germany from dictating the future policy of the world," he said. "Now that the job is done, Uncle Sam hangs back as if there were no other job."

## Editorial

The captain of a vessel who started out without a destination would be considered insane, yet how many men we all know who start the most important voyages of all, out over the sea of life, without a port in mind.

Isn't it true that many a man sails around in circles, never arriving at the port of "Success," because he fails to decide exactly what he wants to accomplish—what, in other words, he considers success?

The average man, with a destination firmly fixed in his mind, is pretty apt to steer the straightest possible course to that destination, and eventually arrive.

"Success" is not more difficult to achieve today than it was years ago—if you really and wholeheartedly go after it.
